

The International Learning and Research Centre is proud to have had a strong professional partnership with the Académie Orléans-Tours for more than 10 years. Following the success of the first three phases of the Anglo-French Strategic Partnerships 2007-20010, 2008-20011 and 2009-2012 involving more than 60 primary schools in South West England and Orléans-Tours, we are pleased to announce the launch of the Anglo-French Strategic Partnership 2010-2013 Phase 4. The International Learning and Research Centre and a group of ten Wiltshire primary schools is looking forward to hosting a visit by teachers and languages advisers from Tours in November 2010.
